

Sea Goats Newsletter 26th March 2021

The Sea Goats have had a very busy week making traps for Evil Pea and trying to entice Evil Pea out of hiding by making healthy pizzas, whilst rescuing the poor vegetables who have been stuck to the cupboard door! The children have worked tremendously hard learning the Phase 3 Tricky words and practising reading the trigraphs **ear** and **air**. During next weeks online learning, I will be focusing upon the **ure** trigraph which the children have found particularly difficult. In Maths, the Sea Goats have enjoyed using 1p coins to pay for their shopping and are becoming more confident adding two amounts together to find the total cost. As school will be closed next week please log into Tapestry each day where the Sea Goats will have access to online learning (more information to follow). Today we sadly say goodbye to two magnificent Sea Goats, Gokturk and Evie. Good luck in your new adventures, we will miss you very much! I would like to wish you all a very happy and healthy Easter.
